**13 August 2020 CHASE COLLEGIATE SCHOOL ANNOUNCEMENT:**

Due to the global and local economic impact related to the current COVID-19 pandemic, together with other conditions that are not conducive to operating Chase Collegiate School in a financially sustainable manner, Chase Collegiate Education LLC and its Court-appointed Receiver regrettably announce the closure of the school and that there will be no classroom or online education provided for the 2020-2021 school year.

Administration offices will remain open to assist students and families with records, transcripts and tuition/deposit returns; and faculty/staff members with employment transition matters. Due to continued facility restrictions relating to COVID-19, the campus will remain closed. Please email [communications@chasemail.org](mailto:communications@chasemail.org) or telephone the school 203.236.9500 to schedule an appointment as needed in compliance with government guidelines.

Many thanks are due to the countless and loyal students, faculty, staff, families, alumni and others who have supported Chase Collegiate School, formerly St. Margaret's – McTernan School, and its predecessors St. Margaret's School for Girls and The McTernan School for Boys, since its origin as the Collegiate School for Girls founded in 1865.
